

GOLDEN WAY
Path to Success

HOW TO BUILD A PROFITABLE GOLD BUSINESS

GOLD HAS REMARKABLE ADVANTAGES COMPARED TO OTHER GOODS AND SERVICES:

**Yellow metal will always be
in demand**

It's quality is at the top level

**Gold doesn't need to be
advertised**

**No need to create a product
distribution network**

Low delivery cost

**Gold will always maintain its
original properties, because it doesn't
rust and keeps its luster for
thousands of years**

Taking into consideration the above mentioned advantages,
more and more specialists from non-core industries want to start a gold business
in order to diversify their activities.

GOLDEN WAY

is an international online store that sells 24-karat investment gold bars from 1 gram to 100 grams, as well as other branded products.

Every client of Golden Way can participate in a marketing program and receive stable income.

GOLDEN WAY
Path to Success

MISSION

To become a global leader in selling gold helping our clients achieve their dreams

TARGET

To create a progressive business community of successful businessmen around the world, united by one mission and belief in gold

POSSIBILITIES with GOLDEN WAY

BUYING GOLD BARS

BUILDING A PROFITABLE GOLD BUSINESS

ACTIVITY

In the gold market, there is no competition between companies. You can easily say that the one who has extracted gold has already sold it.

We have a closed production cycle:

- gold mining;
- gold processing;
- distribution of finished products.

For implementation of its mission, Golden Way uses its own funds, as well as funds of its partners rewarding them with bonuses from 3% to 5% per week.

Bonuses are accrued during the year.

The amount of one purchase is from 50€ to 100 000€.

Upon expiration of the contract, gold bars are sent to the client by mail
or sold back to the company minus 20% of its original price.

With us you have the opportunity to earn even more. By increasing a period of receiving bonuses
(once per month, once per 3 months, once per 6 months or once per year) you increase your earnings.

BUILD A PROFITABLE BUSINESS

The company has a career ladder and a ranking system (as shown in the table). Upon reaching each rank, a referral bonus from the first line increases. From the depth, you earn the difference between your rank % and the rank % of your direct partner.

HOW IT WORKS?

Referral bonuses are given after a purchase is completed.

A partner can make a request for funds withdrawal at any time.

This is a business model in which You can earn from purchasing gold, and receive additional bonuses through the partner program.

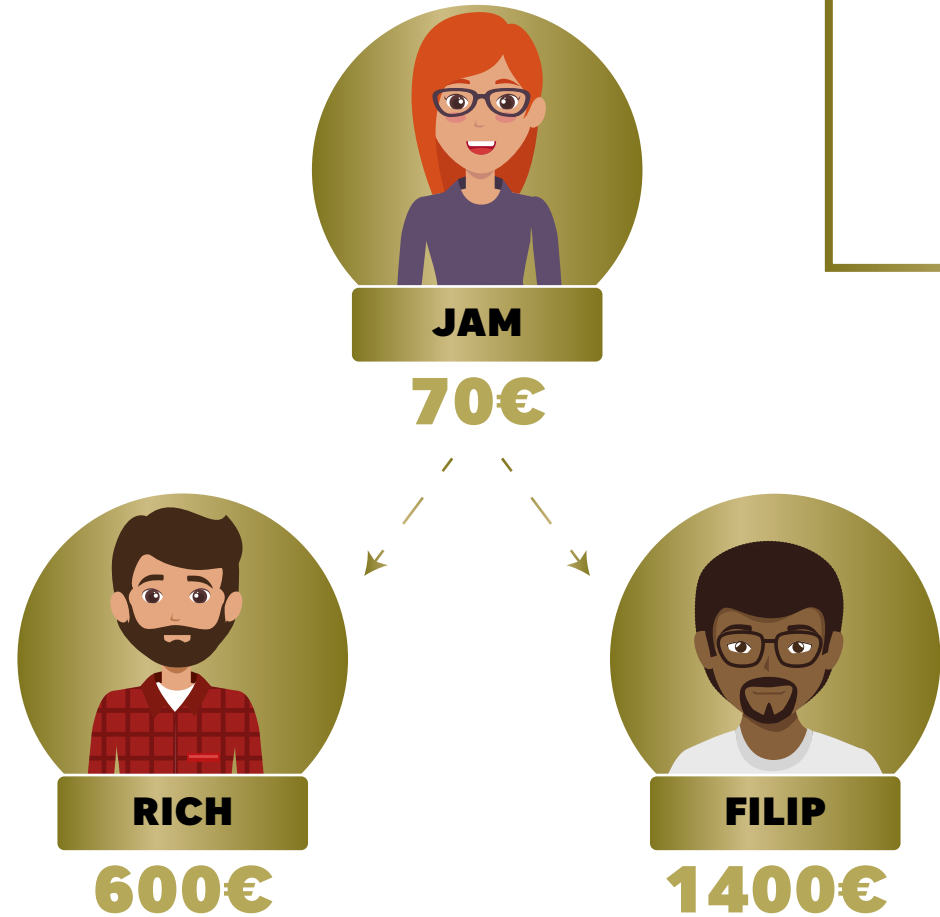

HOW IT WORKS?

Jam joined Golden Way and purchased gold for 70 €, and now she is in the 1st rank.

Jam invited Rich, who purchased gold for 600 €. Jam earned through the affiliate program 10% of the purchase amount of Rich (i.e. 60 €). Jam's team turnover became 670 € and she moved to the 2nd rank.

After that, Jam invited Filip, who purchased gold in the amount of 1400 €.

Jam earned through the affiliate program 10.5% of the purchase amount of Filip (i.e. 147 €).

HOW IT WORKS?

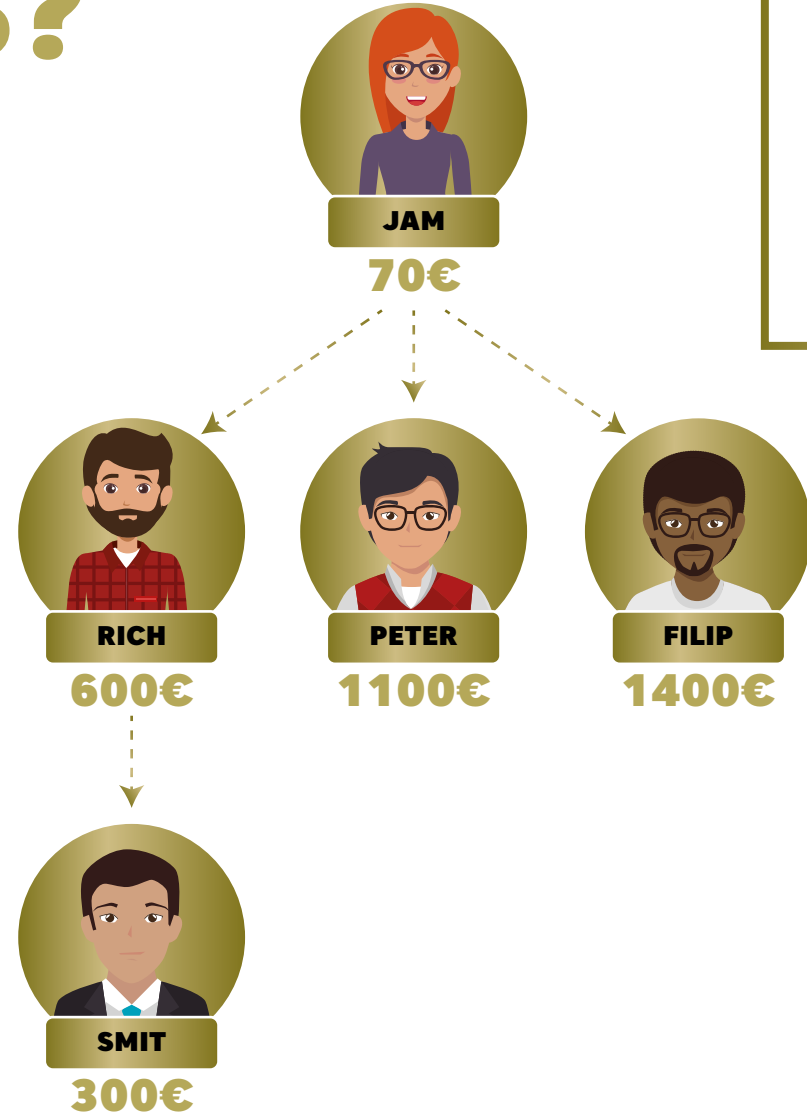

Jam invited Peter to the business, who purchased gold for 1100 €. Jam earned 10.5% of the purchase amount of Peter (i.e. 115.5 €).

Jam's team turnover became 3170 € and she moves to the 3rd rank.

Rich started working and invited Smit, who purchased gold for 300 €.

In this case, Rich is in the 2nd rank and earned 10.5% of the purchase amount of Smit (i.e. 31.5 €).

Jam, in turn, will earn the difference between her rank % and the rank % of her direct partner (Rich):
 $11\% - 10.5\% = 0.5\%$, that is 1.5 €

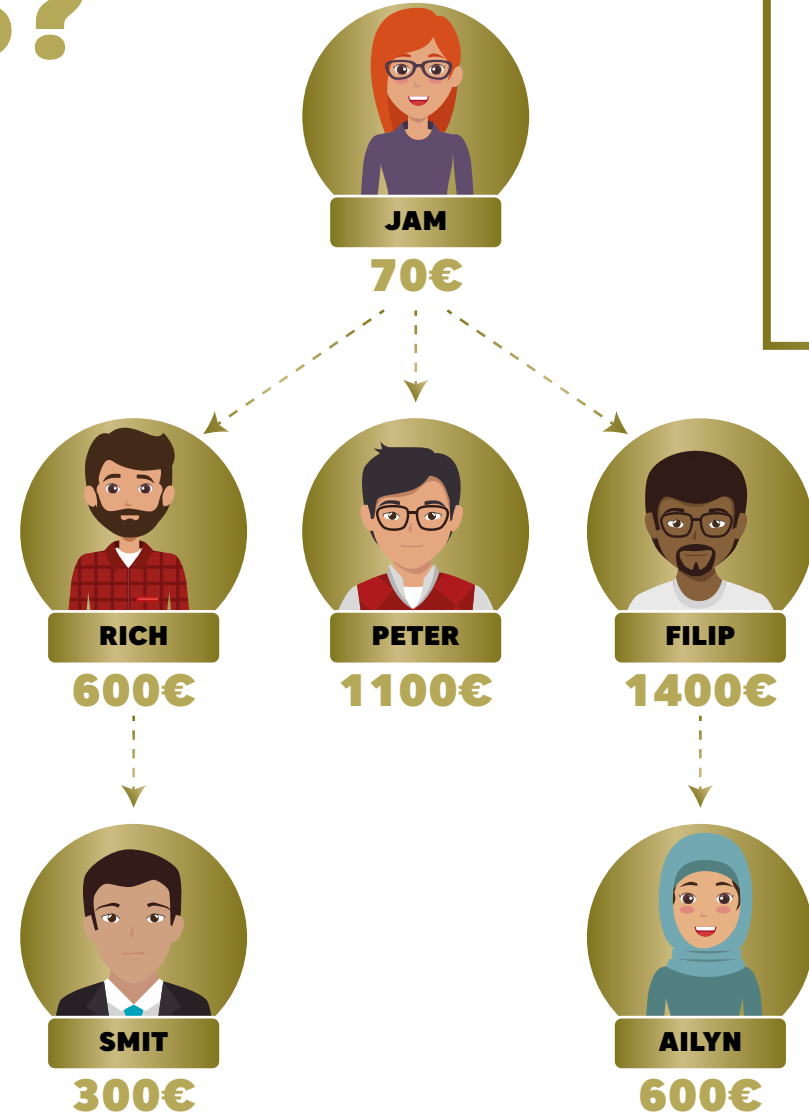

HOW IT WORKS?

Filip invited Ailyn, who purchased gold for 600 €

Filip earned 10.5% of the purchase amount of Ailyn (i.e. 63 €).

Jam earned the difference between her rank % and the rank % of her direct partner (Filip):
 $11\% - 10.5\% = 0.5\%$, that is 3 €.

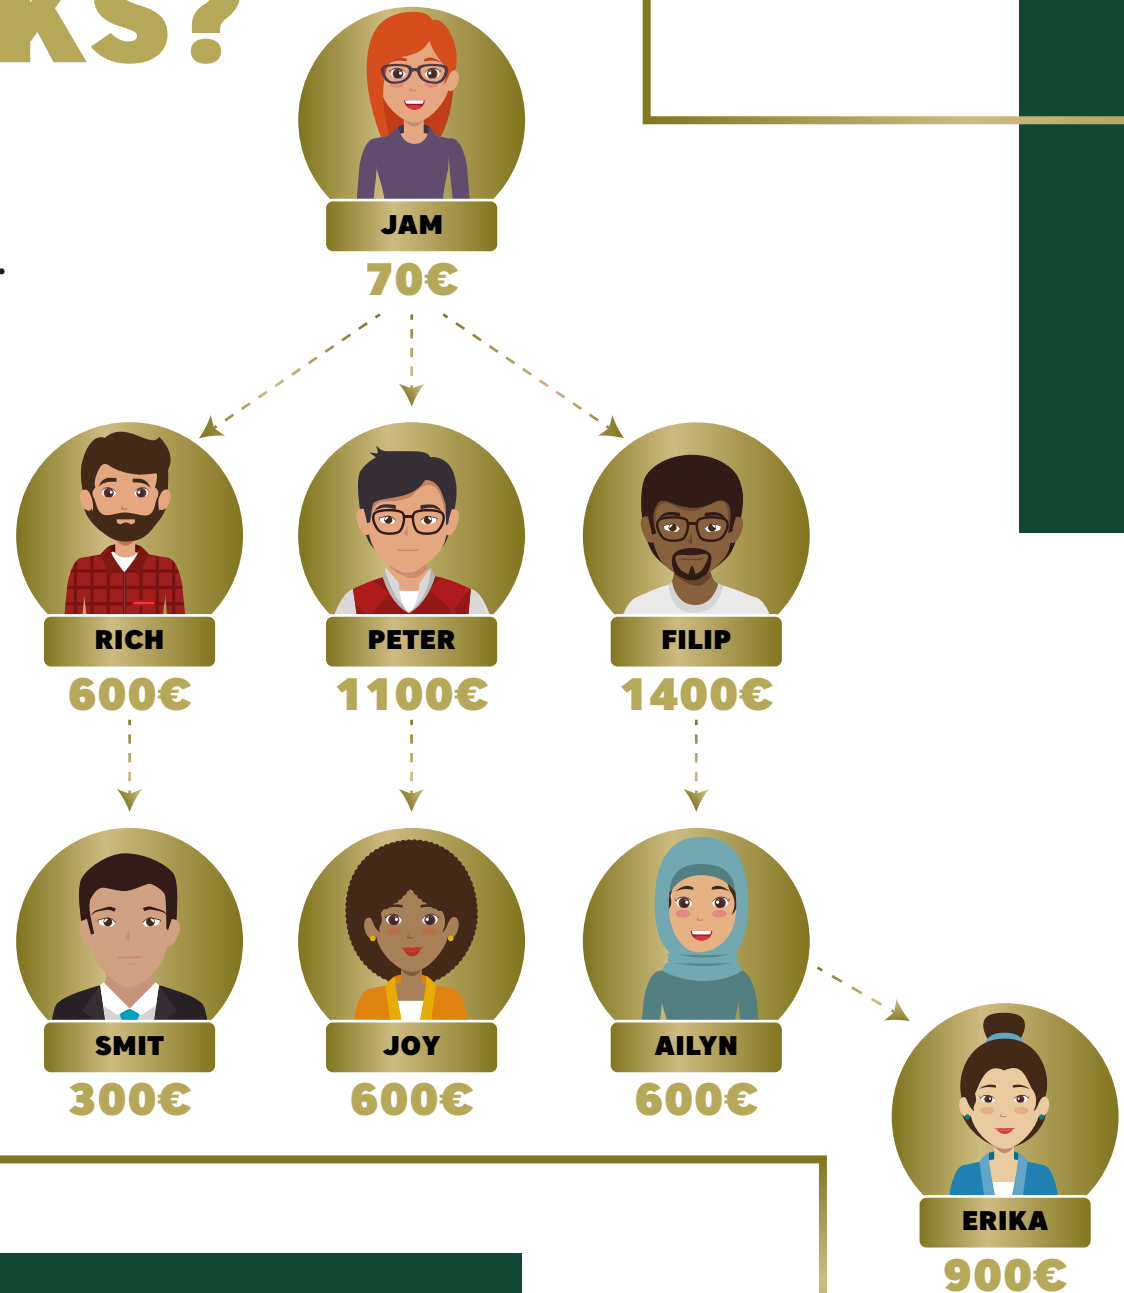

HOW IT WORKS?

Peter invited Joy, who purchased gold for 600 €.
Peter earned 10.5% of the purchase amount of Joy (i.e. 63 €).

Jam earned the difference between her rank % and the rank % of her direct partner (Peter): $11\% - 10.5\% = 0.5\%$, that is 3 €.

Ailyn invited Erika, who purchased gold for 900 €.

Ailyn earned 10.5% of the purchase amount of Erika (i.e. 94.5 €), but Filip didn't earn anything, because his rank % and the rank % of his direct partner are the same. But Jam earned 4.5 € of the purchase amount of Erika, because the difference between her rank % and the rank % of her direct partner (Filip) is 0.5%.

LOSS OF OPPORTUNITIES

TIME = MONEY

The more you wait, the more time you lose.
Make decisions quickly, don't miss your chance!
